

“Global Discussion on IDAC Research”

Lecturer: Motoaki Sugiura

Title: “Self in the Brain”

August 23, 2016. 16:30~17:10 at Global Room

What is the ‘self’ in the brain? Three categories of self are proposed based on neuroimaging findings. Despite differences in the underlying cognitive processes and neural substrates, the three selves are likely to share common computational characteristics.

加齢研の研究者をつなぐ「ミニ集談会」です。研究や研究に関わる重要な課題の講演と討論を通じて研究領域を越えた相互理解と英語の上達を目的とします。加齢研メンバーは是非ご参加下さい（担当:安井 明 & Andy）
